

The Road to the Future. Women Empowerment and the Opportunity with Technology.

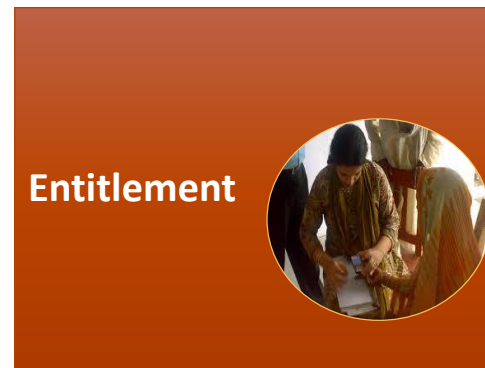

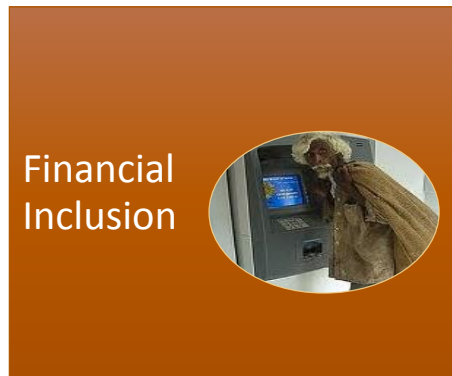

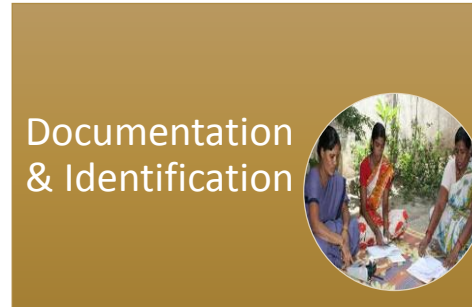

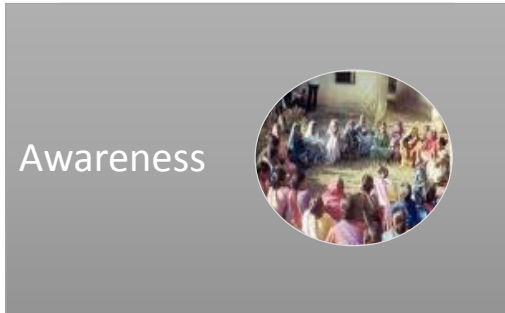

Its about economic development and the integration of women using technology as an enabler.

This is not a women's issue. This is an opportunity for global impact.

Lets have a Conversation

- Global advancements in information and communication technology (ICT) are poised to significantly impact development
- Educational and experience diversity among women is a complement to using technology to solve problems
- New 21st Century Leader Traits are needed for global success

Mobile Technology as an Enabler for Development

What are the traits required for success in the 21st Century?

https://www.youtube.com/watch?feature=player_detailpage&v=YxgTsyL4y0E

Next?

- ✓ Development of an APEC/WEF – Portal of Trade and Exchange.
- ✓ Accelerator program for women startups with support committee group to enable their ideas to be enhanced through the use of technology.
- ✓ Be Fearless!

Thank-you.
